Marigold's Marvellous Minibeast Marathon Map

Can you find the places that Marigold and her friends visit in the Marvellous Minibeast Marathon? Here's her map. It's a little bit wobbly in places, and a little bit smudged, but she's very proud of it!

Why not take a walk around the gardens with your grown ups and see if you can spot the places from the story - you might even see some of the marvellous minibeasts while you're there!
